

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each global business. Transporting industrial goods occurs each day on our industrious world. Initially innovated as industrial vehicles in the 1930s in the U.S., forklifts gained popularity after World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machines spread worldwide.

Initially founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the company was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Throughout the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation in the business. TCM started constructing lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes various models of industrial trucks with over 50 years of accumulated expertise and technology, making their products used and recognized all around the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading business.
